

The Austin Bicycle Advisory Council approved the resolution below on November 17th, 2011.

The Austin Bicycle Advisory Council supports inclusion of complementary bicycle and pedestrian facilities as part of all Austin metro roadway projects. Therefore, the BAC concurs with the League of Bicycling Voters recommendation letter of 10/26/11 for bicycle and pedestrian facilities as part of the MoPac Improvement Project. Specific bicycle and pedestrian facilities should include those already offered by CTRMA, plus a shared-use path along MoPac from Parmer Lane to the Johnson Creek Trail System at Enfield Road, which would provide connectivity to Downtown Austin and South MoPac, and bicycle improvements to the Park Bend Drive crossing of MoPac.
